OBJECTIVE

Aspiring undergraduate student with technical skills, problem-solving abilities, communication skills and seeking an opportunity for further developing skills in a dynamic workplace.

EDUCATION

Narasaraopeta Engineering College — Oct 2022 – Pursuing
Bachelors of Engineering in Computer Science and Engineering

Surya Junior College — July 2020 – Apr 2022
Intermediate-(MPC) — **Percentage: 8 3**

Surya EM High School — June 2019 -- Apr 2020
SSC-(10th) — **Percentage: 100**

SKILLS AND INTERESTS

Programming Languages	Python, Java
Frontend Technologies	HTML5, CSS3, Bootstrap, React Router, Angular
Backend Technologies	MERN Stack (MongoDB, Express.js, React.js, Node.js)
Tools	Google Colab, Jupyter Notebook
Database Management	MongoDB, MySQL
Technical Concepts	Machine Learning (ML)
Version Control	GitHub
Soft Skills	Critical thinking, Project ownership, Problem-solving, effective communication

INTERNSHIPS

- Data Science Internship Prodigy InfoTech
  Worked on machine learning and data analysis, optimizing models using Python, Pandas, NumPy.

CERTIFICATIONS

- NPTEL certification in Joy Of Computing Using Python and Data Analytics With Python.
- EDX-Basics Of C++.
- Completed courses in Artificial Intelligence (AI) and Web Development through Infosys Springboard.
- HackerRank Python Certificate.

PROJECTS

1. **Community Pulse – React / Angular / MySQL**

- Conducted surveys and interviews with 30+ community members to identify gaps in local service awareness.
- Developed a responsive web app using Angular for frontend, MySQL backend, and integrated interactive educational content.
- Increased community engagement by 30% within 3 months through digital awareness campaigns and interactive features.
- Technologies: Angular, MySQL, HTML, CSS, JavaScript.

2. **Weather Application – Web App (HTML/CSS/JavaScript/OpenWeatherMap API)**

- Built a weather web app fetching real-time weather data for any location using OpenWeatherMap API.
- Implemented 2 temperature modes (Celsius / Fahrenheit), day / night mode with background videos, and responsive design for 100% mobile compatibility.
- Achieved 100+ monthly active users and improved user retention by 25% with intuitive UI / UX features.
- Technologies: HTML, CSS, JavaScript, OpenWeatherMap API.

3. **Personal Portfolio Website – HTML/CSS/Bootstrap/Font Awesome**

- Designed a fully responsive portfolio website highlighting frontend skills with Bootstrap and Font Awesome icons.
- Included downloadable resume, categorized skills, certifications, and live project demos.
- Increased portfolio traffic by 50% via optimized SEO and user-friendly navigation.
- Technologies: HTML, CSS, Bootstrap, Font Awesome.

4. **Doctor Appointment App – Android (Kotlin)**

- Developed an Android app using Kotlin and Firebase to facilitate real-time doctor appointment booking and reminders.
- Integrated doctor listings with booking and push notifications, reducing patient wait times by 40% for 50+ active users.
- Enhanced patient-provider communication and appointment accessibility in healthcare management.
- Technologies: Kotlin, Android Studio, Firebase.

WORKSHOPS AND SEMINARS

- Attended a Student Development Program conducted by ExcelR and participated in various seminars.
- Attended various workshops, including CRT (Campus Recruitment Training) and workshops on various technologies like MERN STACK.
- Engaged in team-based problem-solving activities and won recognition for innovative solutions in hackathons.
- Organized and coordinated events such as **Technical Fest** and **Student Innovation Challenges**, showcasing leadership and teamwork skills.
- Attended a comprehensive Android App Development Workshop aimed at building an interactive mobile application.

AWARDS AND HONORS

- **Certificate in Coding Contest**: Got a certificate in 24 hours - HACKATHON conducted in Narasaraopeta Engineering College (NEC) showcasing technical expertise and communication skills.

EXTRA-CURRICULAR ACTIVITIES

- Actively involved as a volunteer in NSS (National Service Scheme).
- Organized and participated in cultural events during college festivals, showcasing leadership and event management skills.
- Volunteered in blood donation camps organized by Red Cross, contributing to community health initiatives.

INTERESTS AND HOBBIES

- Technology and Innovation
- Volunteer Work
- Learning Languages
- Reading Books
- Public Speaking

PERSONAL DETAILS

- **Name**: Badina Chandana Priya
- **Phone**: 9440190432
- **Email**: chandanapriyabadina@gmail.com
- **Address**: Eluru

DECLARATION

I hereby declare that all the information included above is true to the best of my knowledge and belief.

Signature of the student

B. Chandana Priya
